Introduction

I'm web developer with front end and back end development skills with a penchant for web, interaction design, and typography.

I'm studying Bsc Computer Science at Modern College during my Bsc, I have earned experience on high performance computing, software development, web development and database management.

Experience

1. Understanding of web application architecture and object-oriented design
2. Experience with knowledge of best practices, APIs and libraries
3. Implementing visual elements that users see and interact with in a web application
4. Developing techniques for mining semi-structured data sources (e.g., text, the Web)
5. Familiar with browsers compatibility
6. Strong attention to detail - from design through code to testing
7. Ability to work in a team
8. Designing and implementing the best web application possible

Education

Modern College Of Arts, Commerce & Science — *Bsc Computer Science*

July 2017 - Current, Pune, India
